## Assumptions

Presbytery or GRP means Georges River Presbytery.

All Congregations and the Presbytery are entities of the Uniting Church in Australia (UCA).

## Rationale

We keep children and vulnerable people safe primarily because of our understanding of God's desire for love and justice. We also safeguard children in response to a range of external standards and regulations such as the Royal Commission into Institutional Responses to Child Sexual Abuse and the relevant legislation in NSW and the ACT.

This policy is to demonstrate the commitment Georges River Presbytery (GRP) has to the safety and wellbeing of children, and to demonstrate its commitment to adopting Child Safety policies consistent with the Synod Child Safety Policy<sup>1</sup>.

GRP fully embraces the values expressed in the Synod Child Safety Policy namely that:

- a. GRP is a child-safe entity and we welcome all children, young people and their families.
- b. We believe that all people, including children, are made in the image of God, and that our relationships with each other should express love, integrity, compassion and respect. As a church, we are committed to providing safe environments for all people including children. Through our Church services, activities and programmes, we promote positive, respectful relationships with our children and young people and between our children and young people.
- c. We are committed to providing an environment in which children can thrive and feel safe knowing that their participation is valued, their views are respected and their voices – about things which affect their lives – are heard.
- d. Preventing and responding to child abuse is both an individual and collective responsibility of the Uniting Church, and all who engage with it. This policy applies across all Synod entities and to all church staff, ministry agents, volunteers and members.

## Our Commitments

All children and young people involved in any of the Presbytery's activities, services, events or programs have a right to feel and to be valued and safe.

As a Synod entity we will have and support our Congregations to have, measures in place to establish systems and to create a culture which promotes child wellbeing and prevents harm. As relevant and appropriate, entities will consciously and systematically:

- a. create an environment where children and young people are cared for, respected, nurtured and sustained and their safety and wellbeing is the central to thought, values and actions
- b. place emphasis on genuine engagement with, and valuing of children
- c. create conditions that reduce the likelihood of harm to children and young people
- d. create conditions that increase the likelihood of identifying any harm
- e. support the active participation of young people in Synod programs and provide a range of ways for children and young people to provide feedback or raise concerns and responds to any concerns, disclosures, allegations or suspicions.
- f. ensure that any policy, practice or decision- making which affects the safety of children and young people considers child safety as a primary need.
- g. take steps to ensure that relevant environments are safe, including online environments.
- h. safeguard children and young people from any forms of abuse, harm and neglect
- i. uphold the law and Child Safety Standards including the reporting of abuse, allegations of abuse, harm and neglect to the appropriate authorities

### Participation

The views of children and young people will be taken seriously. We will, as far as is practicable, involve children and young people when decisions are being made about matters that directly affect them.

We promote positive respect-based relationships between children, young people and adults and between children, young people and their peers.

We commit to respecting the important role of parents, carers and families in promoting the safety of children and young people and will seek and consider their feedback where appropriate.

We acknowledge and commit to support the needs of children and young people with diverse needs and contexts including :

- a. those who live with a disability
- b. are neuro-diverse
- c. those who live away from home
- d. First Nations people
- e. culturally and linguistically diverse
- f. those who identify as LGBTQIA+
- g. those who may be challenged with their self-identity or feelings of discomfort in their own body.

### People

We are committed to ensuring that all our people are suitable and supported, especially those who work with children and young people.

We will ensure that there are sufficient leaders and supervisors for all Presbytery programs involving children or young people to support the safety and wellbeing of all people involved and support Congregations to do the same.

We will ensure that anyone working with children and young people:

- a. has been appropriately screened<sup>2</sup>
- b. have completed an appropriate child safe induction process
- c. has, at all times, completed Child Safe training within the past three (3) years. The Presbytery reserves the right to move or stand down anyone who has not completed mandatory training within the specified timeframe, until such training is adequately completed.

### Complaints and reporting

We have zero tolerance for any actions which may cause harm to children or young people and we commit to proactive steps to identify and manage any risks of harm to children and young people.

We commit to implementing child-focused complaints processes and addressing any child safety concerns in a timely manner.

We commit to upholding our responsibilities in relation to mandatory reporting and reportable conduct and will ensure that all relevant Ministers, employees, and volunteers are sufficiently trained to do so.

---

<sup>2</sup> See Screening Policy

## Risk Management

We commit to proactively identifying potential risks and taking all reasonable steps to mitigate those risks, whether in the physical or online environment.

GRP will have a documented risk strategy and will maintain records of risk assessments and the steps taken to mitigate identified risk; and commit to supporting its member congregations to do so.

GRP will implement a Persons of Concern risk management strategy and commit to supporting its member congregations to do so.

## Communication

All policies and procedures relating to children and young people will be publicly available on the Georges River Presbytery website<sup>3</sup>.

Parents and families will be provided with access to all relevant policies and procedures, including complaints processes, relating to the specific programs that their child or young person is enrolled in or attending.

## Documentation and Review

Risk Mitigation which encompasses Child Safety is a standing agenda item at Georges River Presbytery Standing Committee meetings.

We commit to creating and maintaining appropriate records in a way that balances transparency of practices with confidentiality of personal information.

The Presbytery commits to reviewing policies and procedures related to child safety

- a. every two years; and
- b. whenever relevant legislation or regulation changes; and
- c. in response to relevant root cause analyses of incidents where appropriate.
